Mouhcine Belhafiane

JUNIOR FULL-STACK / WEB DEVELOPER

Toronto, Ontario | mouhcinebelhafiane1717@gmail.com | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Web developer with a 10-month internship at VDISTRI Solutions and additional project experience in backend development and website maintenance through Riipen. Background includes JavaScript, PHP-based frameworks, front-end development, database-related tasks, and Supabase. Seeking a junior web developer role where I can contribute to practical software projects, troubleshoot problems, and continue building strong development skills.

TECHNICAL SKILLS

Languages	JavaScript, PHP, Java, Python
Frameworks & platforms	CodeIgniter, Laravel, Supabase
Development	Front-end development, backend project work, database-related tasks, website maintenance, troubleshooting

EXPERIENCE

Website Maintenance & Troubleshooting | Push Marketing — Riipen Project

August 2026

- Maintained the company website and worked on troubleshooting technical issues.
- Supported ongoing website functionality by investigating and addressing reported problems.

Backend Developer | EZ-Ship — Riipen Project

June 2026

- Contributed to backend development, working primarily with Supabase.
- Supported project backend tasks; specific features and implementation details can be added once confirmed.

Web Developer Intern | VDISTRI Solutions

November 2022 – August 2023 | Casablanca-Settat, Morocco

- Gained hands-on experience in web development during a 10-month internship.
- Worked on front-end development and database-related tasks.
- Technologies listed in the provided profile include JavaScript and CodeIgniter; Laravel is included based on previously shared experience.

EDUCATION

Mohawk College

2024–2025 | Java and Python programming topics listed on LinkedIn

IT Learning Academy

September 2023 – June 2024 | Computer and Information Sciences and Support Services
